

-

Technical drawing of a kitchen sink with the following dimensions:

- Overall width: 830
- Overall height: 500
- Mounting hole diameter: $\varnothing 35$
- Mounting hole spacing (center-to-center): 340
- Mounting hole offset from top edge: 115
- Mounting hole offset from side edge: 304
- Top-left corner radius: R70
- Bottom-left corner radius: R25
- Bottom-right corner radius: R10
- Internal width of left basin: 290
- Internal width of right basin: 290
- Internal height of left basin: 290
- Internal height of right basin: 400
- Internal width of right basin (excluding mounting hole): 340

A line drawing of a double-basin kitchen sink. Both the left and right basins have their own strainer covers. A single drain pipe is connected to the right basin, showing how two basins can share one drain line.

Una de ellas con rebalse en la cubeta
